* Data Source - Importing Companies

** Data Source - U.S. Department of Commerce

(a) Corrected 3/14/90.

NOTE TO CALENDAR YEAR IMPORTS: During the first six months of the calendar year, foreign trade statistics from the U.S. Department of Commerce reported imports of "other potassium fertilizers" as follows:

East Germany:		U.S.S.R.:	
Short Tons of Product		Short Tons of Product	
January	20,076	January	-0-
February	29,618	February	-0-
April	-0-	April	13,072
May	57,118	May	-0-
June	13,902	June	-0-
Total	133,786	Total	13,072

While it could not be confirmed, the material most likely was Potassium Muriate with incorrect commodity code documentation. The port of entry was not confirmed, but most of the tonnage probably came into New Orleans.
